

MELPAR JOINS RED CROSS BLOOD PROGRAM

Melpar Division has qualified for the Blood Program Agreement with the American Red Cross which provides blood needs for employees and their families within the United States.

On June 12th the Bloodmobile visited Melpar's facility (see pictures) and Melpar employees provided 34 pints for the program. Yearly quota for the division is 118 pints and currently we are ahead for the first quarter.

Additional visits by the Bloodmobile in the future will be publicized and it is possible that we can reach our annual quota on one or two more visits this year.

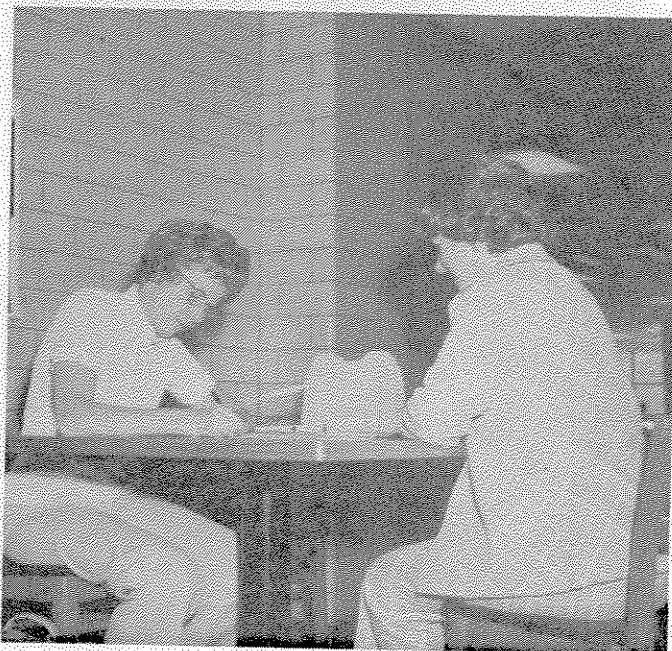

Through group membership in the Blood Program the Red Cross insures that employees of the participating organization and their families receive their total blood needs without cost when they are entered in a participating hospital. This coverage extends to the employee, spouse, children under 17 (or over 17 if for some reason the child is not eligible to donate), members' parents, parents-in-law, grandparents, prandparents-in-law and any relative economically dependent upon the member.

When blood is needed, the blood group chairman will furnish needed information to the Fairfax County Red Cross. Melpar's Chairman is A. B. DePasquale, x2450 or x2287.

Those who have questions concerning this program should contact the chairman for additional details.

Anything to Get Away from the Office!

"Yes, I Weigh 109 Pounds, and 26 Years is Correct!"

Boy, Isn't this Stupid!

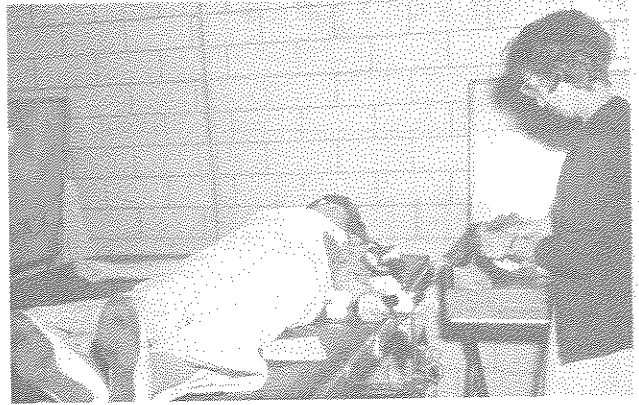

Cool Gal!

How'm I Doing?

Isn't this Your 10th Donut?

Ah — to Rest a Bit!

Call Me in 3 Hours!

What a Racket — We Rest While Others Work!

Nothing Like a Freebie, eh kid?
