

MELPAR E-TEAMER'S PICNIC

Over 700 Melpar employees and their families turned out for the rescheduled Melpar Picnic, the first ever held by the company. The original date of October 2nd was rained out. October 16th was a bright, brisk autumn day and the Cameron Station recreation grounds in Alexandria were ideal for the activities, including horseshoes, softball, pony rides, sack races, egg tossing, combo music, and most important, picnic refreshments and balloons for the children.

The size of the turn-out indicated just how successful this event was for all participants.
